4th May 2022

Dear David,

Further to our phone conversation yesterday the 3rd May 2022, I was surprised to hear that you have not furnished any of my correspondence to Tom Enright.

I understood that arising from the meeting with Tom Enright and yourself on the 20th January 2022 that all subsequent correspondence would be given to Tom Enright for his input.

There has obviously been a break down in communications, which needs to be rectified.

In the circumstances, I believe I should provide Tom Enright with a copy of all the correspondence that has passed between yourself and myself since the 20th January 2022.

Accordingly, I request that you take no further action in relation to my communications with you without the input of Tom Enright.

Yours Sincerely,

Martin Power

Good Morning Martin

Thank you for your email below and attached letter, which I discussed with Mr. Enright this morning.

In view of my own impending retirement, Mr. Enright has decided to assign responsibility for dealing with any further queries you may have to my colleague Ms. Elizabeth Hore, Director of Services.

Accordingly, you should direct any correspondence (other than FOI queries) to Ms. Hore (elizabeth.hore@wexfordcoco.ie) for her consideration.

Any further FOI requests you wish to make should continue to be directed to foi@wexfordcoco.ie

Best Regards – David

Dear Elizabeth,

As per an email I received from David Minogue on the 5th of may 2022, your were appointed by Tom Enright to deal with my issues involving Wexford County Council.

I understand from the email that the email was also circulated to yourself on the 5th of may 2022, so you will be aware of your appointment.

I've sent you an email earlier this week, with a view to arranging a meeting as sson as possible.

I originally met Tom Enright and David Minogue on the 20th of january 2022, and at that meeting Tom Enright agreed to resolve my issues in an amicable manner.

Accordingly we need to meet to finalize the resolution of my issues.

Your sincerely,

Martin Power
