Dear Niall,

1. Thanks for returning my call on Friday last.
2. To recap on our call, I was checking to see what planning is in place for the new railway overbridge at Park / Carcur, Wexford, as I can find no record of any planning permission for this bridge in Wexford County Council offices.
3. Some executives at Wexford County Council have said that planning for the bridge is included in the An Bord Pleanala planning for adjoining 413 house development ABP 308002-20 which I believe is not the case.
4. I note your comments that Iarnrod Eireann are not involved in the planning process and rely on the local authority to obtain the relevant planning.
5. As mentioned to you on Friday where a question has arisen about the planning I think it is important that Iarnrod Eireann satisfy itself that proper planning is in place.
6. In that regard I understand you are going to check what correspondence Iarnrod Eireann have in relation to planning for the current bridge and you aim to get back to me tomorrow/Tuesday.
7. Finally, many thanks for your assistance with this matter.

Regards,

Martin Power
