Re: View Planning file: New Railway Overbridge at Park / Carcur.

Dear Sirs Madam,

I am John Josef Hassett Chartered Building Engineer & Registered Surveyor. I will be calling to your planning office as above in person

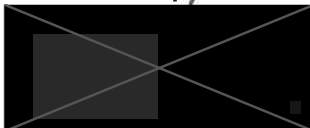

On Thursday January 15th 2026 say 12.00 noon or there about. I would be extremely grateful to you if the following planning files will be made available to me for Viewing.

1.Planning File ABP 308002-20

2.Planning file Railway bridge overpass at Park /Carcur located at the end of the access road leading from Seamus Kelly Roundabout to the Railway. Relating to folio Numbers 1618F & Folio 3581F.

Any other relevant files or correspondence's relating to the above. 1 & 2.

Yours Sincerely /

John Josef Hassett M.Sc Eng. B.Eng. B.Sc. Eng. P.hDip.

Engineer Quantity Surveyor & Land Surveyor.

Re: View Planning File: New Railway Overbridge at Park / Carcur

Dear Sian,

1. Thank you for taking the time to meet me last Thursday the 15th January 2026 at the reception in the County Council Offices Carriglawn.
2. I had been to the Planning Dept to check what grant of planning permission was in place for the new railway overbridge at Park/Carcur which leads into the site where planning was granted for a 413 housing development in December 2020 Planning Reference ABP-308002-20.
3. I had inspected this file ABP-308002-20 and noted that planning for the new railway overbridge was not included in that grant, but according to planning reports in the ABP 308002-20 file a grant of planning for the new railway overbridge had been obtained by an earlier Part VIII planning procedure.
4. For clarity purposes the bridge sits on Folio 1618F on the access road side of the railway line and sits on Folio 3581F on the other side of the railway line (i.e. the Neville site).
5. Personnel in the Planning Department said the Part VIII planning file was in the Roads Department of Wexford County thus my discussion with yourself.

6. I note you intended to have an engineer contact me to arrange a date for me to inspect the Part VIII file, however to date no one from the Roads Department has contacted me. I aim to call to your office early next week to inspect the Part VIII planning file and look forward to you confirming a suitable time for me to call.

Yours Sincerely,

John Josef Hassett M.Sc Eng. B.Eng. B.Sc Eng. P.hDip.

22nd June 2026

Dear Martin,

You will be aware I did pen & email communication to the **Roads Section** of Wexford County Council on January 22 instante means 2026 asking for an appointment to inspect namely the Part 8 Planning File relating to the new railway overbridge at Park/Carcur, Wexford.

I am writing to let you know that no one from the Roads Section has contacted me to arrange that appointment and I await your further instructions on the file.

 I am
